

Part Time Police Put In Jeopardy By Court Ruling

A recent decision by the Appellate Court of the 1st Dist. (Cook County) while specifically questioning the legal standing of part time policemen in Illinois municipalities with a population of 5,000 or more is believed by some legal authorities to cast a shadow on the status of such police in all cities and villages in the state, regardless of size.

There is a possibility, it was said, that the decision may be appealed or that the municipalities will endeavor to have the situation remed-

ied thru an act by the General Assembly.

The courts entered the picture when the village of Justice discharged its chief of police, Mirko Gasparas, and six part time policemen when the population reached 5,000 and came under the Illinois Fire and Police Commissioners Act.

Gasparas and the six patrolmen filed a suit in the Cook County Circuit Court asking that the village and its fire and police board be required to give each of them civil service status.

Judge Charles Daugherty granted such an order in the case of Gasparas but held that the part time patrolmen were not subject to the same protection under the Illinois law as full time policemen.

The case was appealed to the Appellate Court. The decision in that tribunal was handed down by Judge Arthur Murphy upheld Judge Daugherty. Judge Murphy was quoted as saying in his opinion that "altho there are statutory references to part time policemen, the references are generally of an

exclusionary nature.

"Nowhere is there any specific authority or designation for the appointment of a part time patrolman. The statutes indicate the legislators were aware of the practices of municipalities using part time policemen, but it is obvious that at no time was there any intention of authorizing or legalizing such a status."

Orland Park officially has a population of approximately 4,600, according to the last census and Frankfort and Ne-

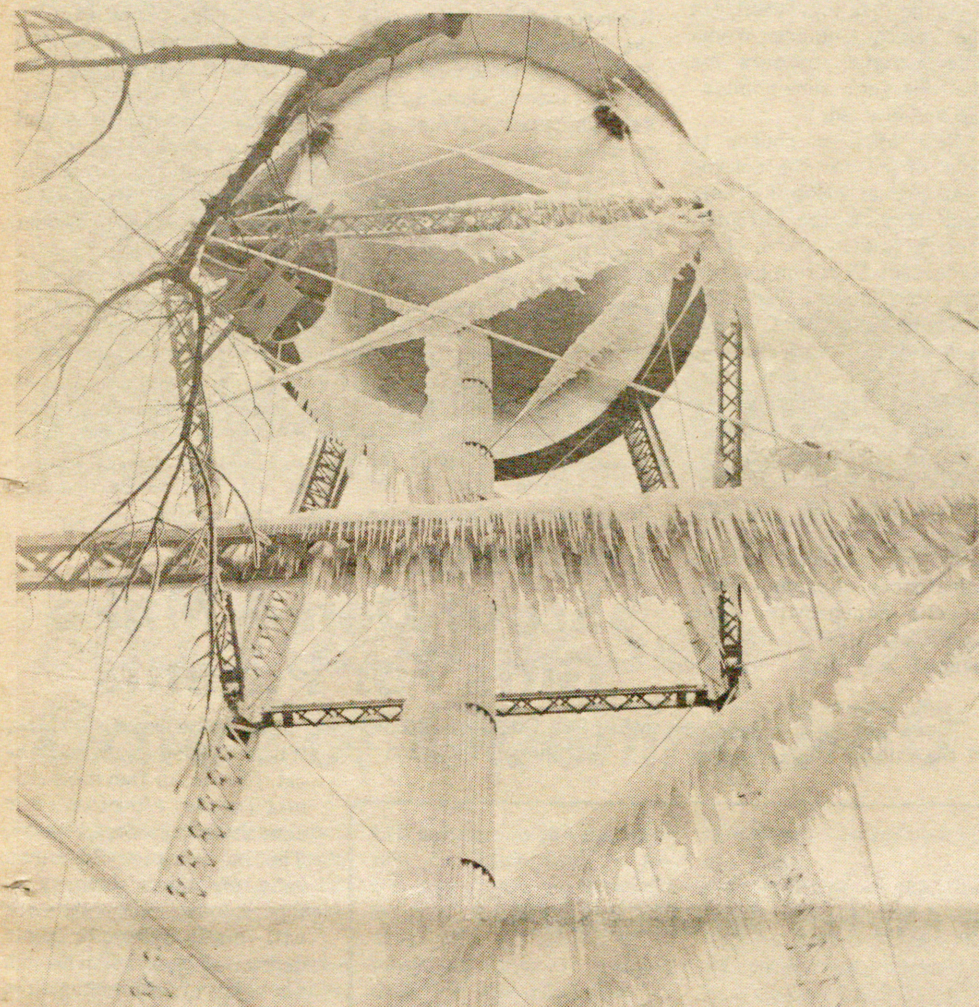

are well below the 5,000 mark so police are appointed thru village board action, it was pointed out. None of these villages have a fire and police board.

Tinley Park has such a board and in addition to the appointment of nine full time policemen maintains a list of temporary appointees who may be employed on a limited basis.

It was pointed out that most of the smaller municipalities

on part time patrolmen. If the use of part time policemen should be ruled out in all municipalities many would be left without police protection.

Even if a village employs a full time policeman, and all of the area municipalities do, it was pointed out that he could not be expected to work 24 hours a day, every day in the year so the effect would be that while a village had a full time policeman it could only have a part time police department.

FORERUNNER OF WINTER--Here it is, still Fall, and all that ice. Reason for it was that the Mokena water storage tank sprang a leak and as the water came down so did the temperature, with the result that not only the tank support became festooned with icicles but the ground below became heaped with the stuff. Before the cycle ended, all the water in the tank ran out. The tank was mended and is back in business. It is said that rivet holes have a way of rusting so that sooner or later water storage tanks leak and have to be patched. Makes a picture, tho.

Charge Suspect With Copper Tubing Theft

Last Sunday morning Orland Park police arrested a man they saw half-carrying, half dragging, a sack from the premises of the Andrew Corp., makers of special antennas.

The sack contained copper tubing, according to the report, and there were other sacks containing such material lying east of the yard at the rear of the plant.

The man arrested has been identified by police as David A. Klepser, 20, of 2917 W. 25th St., Chicago. He formerly lived at 167 St. and 108th Av., Orland Township, according to Orland Park's Acting Police Chief Robert Olson.

Klepser was arraigned in circuit court Monday on charges of criminal trespass and theft. He was released on a bond of \$1,000.

According to the police report Patrolman Charles Ruprecht while on his rounds at 11:20 Saturday night, received a radio message that the watchman at Andrew Corp. had called to report prowlers. He told Ruprecht that he had seen two men going east along the railroad tracks carrying white sacks over their shoulders and that

and approach. Mrs. Kordik finished her telephone conversation and turned to greet the woman she saw enter only the visitor had disappeared to be replaced by two negroes, both armed with pistols.

They demanded money and one of them grabbed at Mrs. Kordik and fired a shot. Mrs. Kordik has a slight wound on her head. She said she did not know how much money was taken but what was there disappeared with the two men. The affair was completed in five or 10 minutes, Mrs. Kordik said.

When the bandits left Mrs. Kordik called her mother-in-law, Mrs. Joseph Kordik Sr., who resides at the rear of the motel. The elder woman in turn called county and state police and both responded.

Mrs. Kordik said that she noticed an old car of dark color and believed the bandits were using it. She did not see the woman get out of a car. She did not see her get into one when she left because Mrs. Kordik's attention was then occupied with the bandits.

the sacks were loaded with something. Ruprecht searched the yard and at the rear of the plant came upon several white bags, loaded with copper tubing.

Meanwhile Acting Chief Olson and Sgt. Robert Hubert had also responded to the radio message. In the course of the search of the yard police found that an overhead door leading into the plant had been forced open.

Ruprecht resumed his patrol and the chief and the sergeant remained in the yard, hopeful that someone would return for the other sacks.

At 2:20 Sunday morning the officers saw someone leaving the Andrew Corp. yard. The suspect crossed the railroad tracks, half pulling, half carrying a loaded bag, the report states, and headed toward some houses. When Sgt. Hubert identified himself as a policeman and commanded him to halt the suspect took refuge in some bushes where he was taken into custody.

Roy Watts, head of security for Andrew Corp. came to the Orland Park police station and signed com-

plaints upon which warrants were issued for Klepser. Chief Olson said Klepser was no stranger to Orland Park police.

Police are continuing the investigation and seeking others believed to have been implicated.

Public Health Dept. Sets March 1 For Immunization

MRS. DOLORES ANDERSON
Telephone: 485-2365

March 1, 1968 has been set as the deadline for shots this year by the Department of Public Health and the State Superintendent of Public Instruction because the new law was not passed until late June, 1967. The new law, (H.B. 1410) requires that every child enrolled in public, private and parochial school, in addition to meeting the physical examination and dental examination requirement, be immunized against measles, smallpox, tetanus, diphtheria, polio, and pertussis. Immunization is to be completed prior to entry into kindergarten or first grade, whichever is the child's first

year in school. Forms should be completed by your doctor and returned to your child's teacher when immunization are completed. These must be completed by all pupils entering school for the first time unless it is against ones religious belief and an affidavit is filed stating this or if the doctor feels that it would be detrimental to the child's health and states such.

The Auxiliary to the Harry E. Anderson VFW Post 9545, will meet at the Post home for their December meeting at 8 p.m., Dec. 8.

The New Lenox Lions Club are planning their preparation of Baskets for the Needy

again this year. They are asking the school children in all of the schools to help, by bringing grocery items to the school on or before Friday, Dec. 15. The food articles they are to bring according to grades, are as follows: Kindergarten classes, Jello or Pudding, plus crackers; 1st grade, Cocoa or Chocolate drink mix, or soap; 2nd grade, macaroni, spaghetti, or noodles; 3rd grade, cereals, any kind; 4th grade, canned vegetables; 5th grade, canned fruit; 6th grade, canned fruit juices; 7th grade, sugar; and 8th grade, flour.

The Lions Club will purchase additional foods to complete the baskets. All donations will be greatly appreciated.

Members of the Newcomers club will enjoy a Christmas party, Thursday, Dec. 14, at 7:30 in the home of Mrs. Shirley Emperor. Mrs. Judy Hodges will be her co-hostess. There will be the usual gift exchange, singing of Christmas carols, and refreshments will be served from a table decorated in keeping with the holidays.

The New Lenox Parent Teacher Organization will meet Tuesday night, Dec. 12 at 7:45 in the Oakview school auditorium. There will be no business meeting this

month. The program will be a Xmas Concert given by the Choral department under the direction of Mrs. John F. Adams, assisted by the drama club and the art department. The 5th grade mothers will have the social hour, and Fr. James Harper will give the invocation.

The Ways and Means committee will be selling candy, wreaths and Xmas trees. Baby sitters will be available.

At the meeting Tuesday of the Trinity Lutheran Woman's League, officers for the new year were nominated and elected.

New officers chosen to hold office for the coming year are as follows: President, Mrs. Grace Mitchell; vice president, Mrs. Jane Anderson; Programs, Mrs. Ione Ruthenbeck; Secretary and Publicity, Mrs. Florence Haas; Treasurer, and Let Your Dollar Grow, Mrs. Eleanor Uthe; Sunshine and Cards, Mrs. Marge Joyce; Mrs. Irma Schultz, and Mrs. Doris Reinke; Kitchen, Mrs. Norma Schroeder and Mrs. Alice Termuende; Membership, and Lutheran Womans Missionary League, Mrs. Aurelia Bruns, Mrs. Viola Jones, and Mrs. Thora Rydberg.

There has been a change in the Sunday Masses at St.

Jude's Catholic Church. Masses are held each Sunday as follows: 6 a.m., 7:15 a.m., 8:30 a.m., 11 a.m., and 12:15 p.m.

Christmas vacation in the New Lenox public schools and at St. Jude's Catholic School, will start Dec. 23. School will resume on Jan. 2.

At the next Pack meeting of Webelos Cub Scout Pack 6, Dec. 15, the Webelos Den under the leadership of Richard Koller, will receive the Scientist Activities Badge, that they worked on all last month. Gerald Roessel Cubmaster will make the presentations.

This month the boys are working on the Craftsman badge. They spent a day recently at the new Boy Scout Camp, enjoying a hike and cookout.

Mayor Joseph Hartung was the guest speaker at the meeting Tuesday, Dec. 5, of the New Lenox Ministerial association. The group met for their December meeting at the new Epis-

copal Parsonage at Pine and Hickory streets. Father James Harper was host, and Rev. Herbert George was in charge of the meeting.

The sixth grade class of the New Lenox Public Schools will have a skating party at Lincoln Way High School on Tuesday night, Dec. 26. Donation of 25¢ will cover refreshments for the evening.

There will be a Barbecue Luncheon in all five New Lenox public schools at noon on Thursday, Dec. 14. The luncheons sponsored by the 7th grade mothers, will be held in the Cherry Hill, Schmuhl, Haven, Haines, and Oakview schools. Proceeds are used for the 8th grade trip each year, and graduation activities. Mrs. Robert Cheney, is chairman in charge of the luncheons, and anyone wanting to assist in preparing the food, is asked to call Mrs. Cheney at 485-6861. The menu consists of a Barbecue sandwich, potato chips, pickles, candy dessert and an orange drink, for 50¢. For two Barbecues, the cost is 70¢.

Cub Scout Den 4 with Mrs. William Steen and Mrs. Robert Porter as Den mothers, met Tuesday afternoon after school, at the Steen home. The boys made Christmas gifts for their mothers at this meeting, and next week will make gifts for their dads. Roger Turnbough served refreshments after the meeting.

At the next Pack meeting for the dens which will be held Dec. 15, the Pack will go Christmas Caroling, after which they will go back to the Methodist church for a party and refreshments.

Mr. and Mrs. Thomas Reed, West Circle Drive are parents of a son, John Thomas, born in November in Silver Cross hospital at Joliet. The new arrival weighed 7 pounds 5 ounces.

Cub Scout Den 5 with leaders Mrs. Herman Beck and Mrs. Clifford White met Tuesday afternoon after school at the home of Mrs. Beck. Danny Beck led in the opening and closing, and also served refreshments. The boys are working on decorated pine cones, for door decorations. The boys are also bringing toys to be sent to an orphanage in Viet Nam.

Mrs. William Malloy has returned home from Silver Cross hospital in Joliet, where she was a surgical patient for ten days.

Bad Weather Sets Back Date For Opening I-80

The bad weather that struck the area in the past several weeks has caused a change in the opening date for Highway I-80.

The original date for opening the Hazel Crest-Joliet link of the east-west expressway was Dec. 9 and the state highway department would have met it but for the weather. The new date will be between Dec. 16 and the first week in January, it was announced.

Actual construction of the highway itself is practically complete, engineers said, but they will not open it to traffic until guard rails have been installed in certain places and all the signs are installed.

Fencing also is yet to be installed, particularly in the vicinity of subdivisions and where homes are located near to rural roads that have been cut off by reason of the new expressway.

The earliest date on which the highway may be opened is Dec. 16, according to the district highway engineer's office at Elgin. The latest date is the first week of the new year.

There is still some work to be done on shoulders here and there, it was said, and some curb and gutter.

The cloverleaf for the interchange at U.S. 45, east of Mokena, will be built next year. The highway department hopes for an early letting of this contract in 1968 so work can be started as soon as possible. It is estimated that a construction season will be necessary for the job so the cloverleaf probably will not be finished until next autumn.

When I-80 is opened area traffic will have to enter and exit on the partial cloverleaf on U.S. 30 about a mile west of New Lenox. People in the Tinley area

will be able to use the Harlem Av. cloverleaf. In Joliet the ramps at Richards St. and at Chicago and Ottawa will be available to motorists and, of course, there is the cloverleaf at the intersection with I-55 west of Joliet. There is still work to be done on the in-

ter-changes on the west side of Joliet.

Completion of the Hazel Crest-Joliet link opens the way for travel to and from the west coast, it was said. In western sections where I-80 is not completed it gives access to roads that enable the motorist to continue.

William H. Schenck Dies; Funeral Dec. 2

Funeral services were conducted last Saturday for William N. Schenck 79, of 1346 N. Cedar Rd., New Lenox. Mr. Schenck died Nov. 30 at Vincennes Manor Nursing Home, Chicago, where he had been a patient since last July.

Born at Grand River, Mich., Mr. Schenck lived for many years and was employed as a printer. Five years ago, after his retirement, he and his wife, Mildred, came to New Lenox.

Besides his wife, Mr. Schenck is survived by six daughters, Mrs. Sandra Gar-

ber, Chicago; Marjorie and Clara Schenck, Mrs. Norma Stone, Mrs. Ethel LaFontsee and Mrs. Katherine Haenke, all of Grand Rapids, Mich. There are also numerous grandchildren.

The body was brought to the Baskerville Chapel, Lincoln Highway and Roberts Rd., New Lenox, where services were conducted at 2 o'clock last Saturday with the Rev. Cecil Koop, O.F.M., officiating. Interment was in Resurrection Cemetery, Romeoville.

NIU Alumni Plan Reunions For June

The summer alumni week-end continues a practice begun in 1967. The NIU Alumni Association voted to take advantage of Northern's summer facilities which are more available than during the academic year. All reunions were scheduled for the June meeting. Previously Northern reunions had been held at autumn Homecoming and May Fete. Alumni activities will continue at both the fall and spring campus events, said Woodstrup. Departmental meetings replaced class reunions at Northern's 1967 Homecoming.

Other All-Alumni Week-end activities will include reunion meetings at noon Saturday, afternoon campus tours, a University Theatre play, a concert and a dance. The annual Alumni Awards banquet will be Saturday evening, June 29.

One dozen class reunions and a debate on current political issues will highlight Northern Illinois University's "All-Alumni Week-end" next June. Ronald Guetter, of Orland Park, is president of the alumni association. He was graduated in 1958.

Eagle's Bill Devine Wins All State Football Honors

BY JAMES MATTHEWS

Football honors are rolling in for individual Sandburg Eagles, now that they have completed a 7-0-1 conference championship season.

Bill Devine, all conference both offense and defense, has been named to the Chicago Daily News All State team, as well as to their All Area team. The teams were picked by a panel of coaches from all parts of Illinois.

Pepper Pettit, senior quarterback, was named to all Chicago area teams in both the Chicago American and the Chicago Sun Times. He was all conference, co-captain with Dean Mihalovits, and was co-most valuable player with Devine.

The all conference Eagles will attend the fifth annual Chicago Tribune/Coca-Cola Golden Helmet Awards dinner on Dec. 12 at the Conrad Hilton Hotel. Attending with Coach Joe Devine will be tackle Kurt Pnasek, end Mike Snodgrass, halfback Mike Navarro, defensive halfback Bob Werner, line-backer Mihalovits, and Devine and Pettit.

Bill, a 215-pound offensive guard and defensive noseman, joins five other Sandburg players who have won All State football honors in the past. Others were guard Nell Foley, 1965; halfback Ernie Sharpe, 1963 and 1962; tackle Al Grossman, 1962; and guard Duaine Erickson, 1960.

Pettit, who just missed the all area and all state teams, led the team as a triple threat. Pepper made the big play against traditional rival Rich East, scoring on a 35-yard keeper on an option play -- perfectly executed. The Eagles went on to win 25-7. In the game against undefeated Bremen, he bootlegged 11 yards for the first TD, and later passed for the third score which iced the game. Pepper's overall statistics show 296 yards rushing and three TD's, and 422 yards and five TD's on passing plays. His punting average was more than 35 yards per kick and he usually kicked them so high that only one punt was returned all

season, and that for three yards.

This year Devine established a school record for defensive points for down linemen and in his junior season he was the leading defensive point getter of the down linemen.

His best game was the clutch win over an undefeated Bremen team in the fifth ball game this season. Bill

forced two fumbles and hit the quarterback for several important losses. Bill won six hitter shirts, a special award, for outstanding games this year.

As noseman in the Eagles' monster type defense, Bill stunted and made tackles from side-line to side-line. Teammates voted for most valuable player, and a tie vote between Devine and Pettit resulted.

Toy Drive Is On At Orland Park

Operation Santa Claus is starting its workshop countdown as toy repairs near the Dec. 20 deadline. The Santa "angels" at headquarters report that toys are flowing in and there is a need for more and more volunteers in the paint and fix-it department. Anyone wishing to spend some time helping out Santa repair the toy contributions can call 349-9413 to sign up for one or more evenings of paint and putter work.

Operation Santa Claus was started to insure a happy Christmas for every family

in Orland Park. Villagers who would like to support this program may do so by bringing new or usable toys to one of the three toy centers in the village. Contributions are being accepted at the Village Hall on Beacon St., 10030 West 151st St., Orland Park Hills; and 9241 Fairway Drive, Fairway Estates.

For those who have no surplus of toys but would like to support this village-wide project, cash contributions may be sent to Operation Santa Claus, Orland Park.

Can't Give Mokena Home Delivery, Says Mail Service Chief

The director of local services division of the Regional Post Office, James J. Kenny, has said there can be no home delivery of mail at Mokena at this time.

The information was given in a letter to Mrs. Rudolph Engelhardt, of Mokena, who has been striving to get home delivery service for the community.

The letter from Kenny was as follows:

"Your letter of Nov. 21, 1967, concerning inadequate mail service at Mokena.

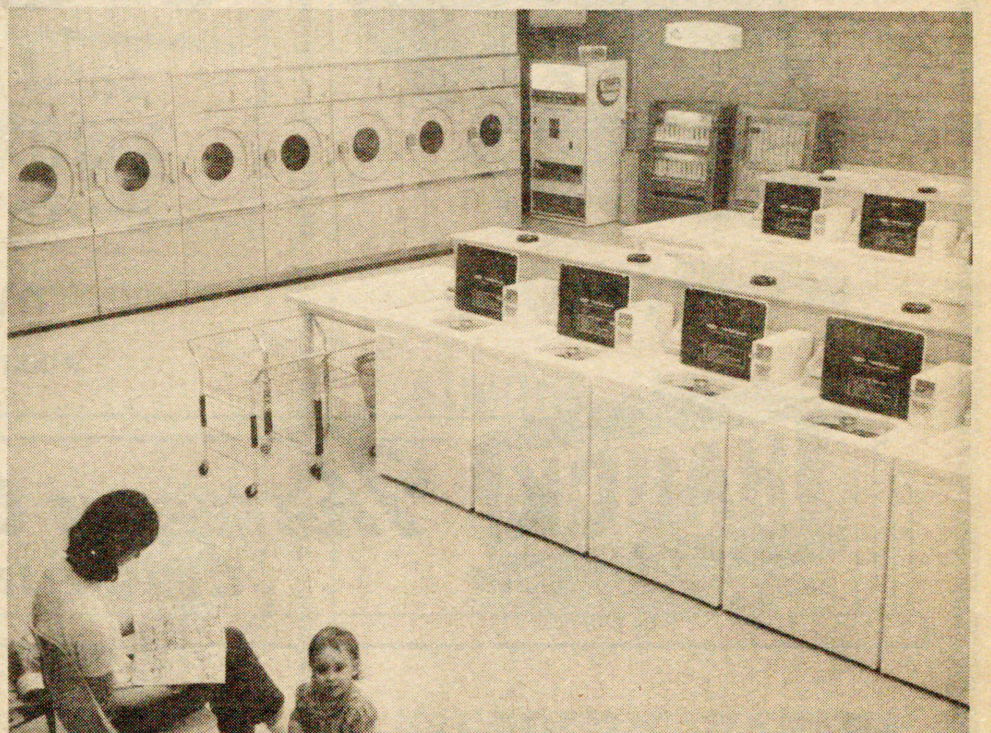

"The population requirement of 2,500 represents those residing in the immediate area in which delivery service is required. Remote rural areas and scattered subdivisions are not included in this requirement.

"There would be no dif-

ference in service for the area if provided by a city carrier using a right-hand drive vehicle or the customary vehicle driven by the rural carrier. The areas that have less than 2,500 population and receive delivery service to the door are those communities who had village delivery service established. The department is not at this time granting this type of service but it was retained where established.

"I appreciate you bringing this matter to my attention and I regret that your request cannot be complied with for the reasons indicated."

Mrs. Engelhardt said she would continue to press her request thru her representatives in Congress.

GRAND OPENING Celebration was held recently at the Country Lane Launderette, located behind the Tinley Park Dairy, 7050 W. 171st St.

The New Launderette offers 15 dryers, 32 washers for 18 lb. loads, and two washers for 25 lb. loads. A new opening will also be held for the new fresh meat dept. to be installed in the store.

Junior Auxiliary Members Guests At Legion Party

MRS. KATHERINE HEISNER
Telephone 469-5187

The American Legion Auxiliary Christmas party is scheduled for Thursday, Dec. 14, at 7:30 p.m., in the Veteran's Memorial Hall, with a short meeting to follow. Mrs. Orville Schinkowski is in charge of the meeting. The junior auxiliary members will be their guests. Both groups will have their own gift exchange. Various games will be played with the juniors participating, after which lunch will be served.

On Wednesday evening, Dec. 13, at 6:30 p.m., the Frankfort Township Democratic Womens Club Christmas dinner party will be held in the Red Lion's Restaurant at Chicago Heights.

The Christmas party and potluck dinner of the Women's Fellowship of the St. Peter's United Church of Christ will be on Wednesday evening, Dec. 13, starting at 6:30 p.m. The program is a pantomime "The Night Before Christmas", and the co-chairmen are Mrs. Harlow Jensen and Miss Tillie Wischover. A gift exchange will follow.

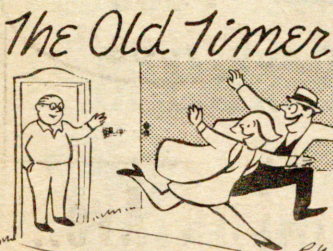

The annual Woman's club Christmas party is scheduled for Thursday, Dec. 14, at 6:15 p.m., in the home of Mrs. Albert Krusemark Sr., 225 Oak St. Members are asked to bring a covered dish. Rolls, meat, and coffee will be furnished by the committee, who are Mesdames Herman Weichbrodt, William Smith, LaVern Smith, Randall Smith, Chester Arthur, Herbert Folkers, James Walker, and Norman Foster.

The woman's club holiday ball will be held at Prestwick Country Club, on Friday evening, Dec. 8, from 9 p.m. to 1 a.m., with Henry Buettell's orchestra.

The annual combined choir cantata of the Frankfort Methodist church and St. Peter's United Church will be held in St. Peter's Church, Sunday evening, Dec. 10, starting at 7:30 p.m. Mr. Arthur Lambrecht is the director of the choir which will sing, "Love Transcending" by John W. Peterson.

The Men's Fellowship of St. Peter's United Church are having their Christmas party at the church on Tuesday evening, Dec. 12 at 7:30 p.m. A film, "The Gift", will be shown. All men are asked to bring a gift for a needy child.

The Sunday school Christmas program practice of St. Peter's United Church will be held on Sunday afternoon, Dec. 10, at 1:30 p.m.

"Relatives looking for hand-outs seldom stay long. It's usually just a matter of touch and go."

The Amite Club dined out last Saturday evening and enjoyed their Christmas dinner at Bruns in New Lenox. After dinner, they came back to the home of Mrs. George Heisner for a social evening. They gave cash donations to the Trinity School. The co-hostesses were Mrs. Heisner and Mrs. Fred Kohl-hagen.

Miss Norman Jean Smith left by plane last week Tuesday for Farmington, Mass., where she will reside with friends.

Sgt. and Mrs. James Schmitz arrived by car last weekend at the home of her parents, Mr. and Mrs. Harold Smith after he was promoted to the rank of Sgt. at Loring AFB in Maine, where they resided for the past two years. They will spend the holidays here, and later he will leave for a 15 month tour of duty at Goose Bay Labrador, while Mrs. Smith resides with her parents here.

Army Spec. 4 John A. Nicholson, son of Mr. and Mrs. Dwight C. Nicholson, Hillside Rd., is participating in the post-wide field training exercise being held at Ft. Carson, Colo., from early November till mid-

Deadline

William Polley, chairman of the 1967 CROP (Christian Rural Overseas Program) campaign in Will County has a message.

"At this Christmas season," he says, "we are surrounded by reminders of our abundance. If we will just look behind the headlines, we'll soon see that we are surrounded by poverty and starvation.

"What are we going to do about world hunger? We can and should share from our abundance. The deadline for the CROP campaign is NOW."

The campaign was conducted by mail this year. Contributions may be sent to Mr. Polley at 1256 W. Jefferson St., Joliet.

Gas cooking makes sense.

Because you're in command with gas. When you turn it off, it's off. There's no hangover heat to scorch food or overheat your kitchen. And when you turn it on, it goes on—to the exact shade of heat you want.

Because modern gas ranges are so colorful and beautifully designed, they add glamour to your kitchen.

Because gas broiling is clean and smokeless. You broil with the oven door closed.

Because gas cooking brings out the tastiness of foods. It's the choice of 95% of Chicagoland's professional chefs.

Because today's new gas ranges give you more features per dollar than any other range—actually cost less to buy, less to use.

Because you can get out and enjoy life more, thanks to the many programmed controls that cook things and keep them eating-warm, automatically.

For more reasons why gas cooking makes sense, call or visit our nearest store or office, or see your appliance dealer.

Distributes New Traffic Laws Booklet

Secretary of State Paul Powell announces the publication of a booklet detailing changes in the law enacted by the General Assembly affecting motor vehicles.

The 42-page booklet is called "1967 Changes in Statutes Relating to the Ownership, Operation and Sale of Motor Vehicles." This service to lawn enforcement agencies, schools, libraries and the general public was initiated by Secretary Powell two years ago.

The booklet has been distributed to the State Police, who are using it in their training academy, courts, state's attorneys, local police departments, safety organizations, high schools, public libraries and General Assembly members throughout the state, and is available to the public at no cost as long as the supply lasts.

Among the principal changes in the law are the following:

All drivers must be re-examined at least once every nine years, effective Jan. 1, 1969.

The minimum age to qualify for a driver license is raised to 18 years, except for those applicants 16 and 17 years old who have passed an approved driver education course, effective January 1, 1969.

Driver licenses will be classified as to the type of vehicle the individual is qualified to operate, and motorcyclists will have to take a special examination on a motorcycle, effective Jan. 1, 1969, and renting motorcycles to anyone who does not hold the motorcycle license is prohibited, effective Jan. 1, 1969. Effective Jan. 1, 1968, motorcycle passengers must ride astride the vehicle on the permanent seat or saddle, and only on motorcycles designed for two people; there must be handgrips and footrests for the passenger; operators and passengers must wear protective headgear,

wear glasses, goggles or have a transparent shield; handlebars must be no higher than 15 inches above the seat, and the vehicle must have a rear view mirror. Effective now is a provision that motorcyclists must not pass between two vehicles proceeding in the same direction unless there is an unobstructed traffic lane available.

The driver license fee, now \$5, will be increased to \$8, effective Jan. 1, 1969.

Effective now, a driver may cross the no-passing stripe on the highway to complete a passing maneuver which was started prior to the beginning of a no-passing zone.

Flashing, rotating or oscillating lights on the top of a police vehicle must be lighted whenever a police officer is in pursuit of a traffic law violator.

Open Letter from the HIRSCHS'

Dear friends,

Here is a thought that I'd like to share with you. On a tombstone in a cemetery in England the following inscription appears:

"Who plucked that flower?", the gardener asked.
"I" said the Master, and the gardener held his peace.

As we stop and ponder about it, it's a rather beautiful and consoling message.

Respectfully,

Edith Hirsch

Optimistic Of Team's Chances

Coach Bill Marco in his first year as head wrestling coach at Lincoln-Way has and knows what it takes to achieve success. Coach Marco grew up on the south-east side of Joliet, attended Joliet Central where he achieved success as an all conference athlete in football and wrestling.

Coach Marco served in the Army from 1959 to 1961. During that time he played service football and achieved success as an "All Service Guard." After completing his military obligations, Marco enrolled at Illinois State University and thru hard work and sweat, held down the number one guard spot on the football

team, and was selected on the all conference second team.

Marco had similar success in wrestling lettering his sophomore year, making "All Conference" his junior year and getting beat out his senior year to Roy Conrad who wrestled in the Olympics.

At Lincoln-Way, Coach Marco's wrestling program is built around the following factors:

1. What it takes for a boy to win,
 2. The type of squad,
 3. Objectives for the season,
 4. The type of schedule,
 5. The time and facilities.
- His slogan, "What you do

in practice, you'll do in a contest," altho old, has a lot of truth to it and is supported by his two year freshman coaching record of 29-3.

Coach Marco is assisted by Dave Downs, guidance counselor, who received his BS degree from Jamestown College in North Dakota, MS degree from the University of North Dakota, and whose coaching experience includes two years as assistant coach at Wyndmere High School in North Dakota and is starting his second year at Lincoln-Way.

The freshmen wrestling position is held down by Coach Dan McLaughlin, a native of Moline, Illinois. Coach McLaughlin attended Alleman High School where he was a varsity heavy-weight wrestler and received "All Metropolitan" honors in football. McLaughlin, a 1967 graduate of Northwest Missouri State College, received his BS degree and is teaching English.

Keep Christmas Safely, Urges Home Adviser

Christmas should be one of the happiest seasons of the year. Barbara Harris, Assistant Extension Adviser, Home Economics, Will County, suggests several ways to be certain your brightly decorated tree doesn't become a fire torch. Don't let your family be part of the over 800 persons who will probably die in home fires this December.

Locate the Christmas tree away from all sources of heat and drying, away from exits, and keep the stand well filled with water. Take it down as soon after the holidays as possible. Keep combustible decorations to a minimum and never near

Coach Marco is optimistic about the season and bases it on such standouts as Frank Chandler, second in the State; Ken Youngren, second in the district; Dave Pollock, Bob Sorenson, Steve Longshore, and Kevin Bachmann. Fighting for starting positions are Greg Gonda, Bill McCure, John Haley, Bob Bills, John Smith, Ron Fox, Jim Adams, Mark Ebert, Mike Zum-Mallen.

Students Can Apply For State Grants

Applications for the 1968-69 grant program of the Illinois State Scholarship Commission are available at Carl Sandburg High School's guidance office, director James Adcock announced.

The state has provided 14.9 million dollars to be made available to students "down the line from the top ten or fifteen percent" Adcock explained. The funds are for those who can't quite compete for academic scholarships based on extremely high test scores or class rank.

Main eligibility requirements are U.S. citizenship; Illinois residency; good mo-

candles, fireplaces, or other sources of heat and flame.

Here's how you can flame-proof your Christmas Tree: 9 oz. borax; 4 oz. boric acid; 1 gal water; 1/2 tsp. 'Dash', 'All' or any other low-sudsing detergent.

Mix thoroly. Saturate tree or greens by spraying till branches drip.

TB Still Threat To Public Health

Public and private agencies engaged in tuberculosis control are often times handicapped by a widely held notion that tuberculosis is about licked.

"Thanks to new drugs," stated Eugene M. Malone, 1967 Christmas Seal Chairman, "new methods of treatment and early discovery programs, helped in great measures by Christmas Seal funds, TB is less of a killer than it used to be. Great strides have been made against it.

"But tuberculosis germs are still around, and they are still a threat. TB is still a dangerous, infectious and communicable disease, even though it is preventable."

Voluntary and official agencies throughout the state are engaged in programs to discover unknown cases of tuberculosis before they become infectious.

Christmas seal funds received by the Will County Tuberculosis Association help to finance these efforts,

along with educational and scientific programs aimed at informing the public and improving methods of treatment.

Because other respiratory diseases which damage the lungs or hinder the breathing have a bearing on tuberculosis, the TB Association is concerned about them. Influenza and pneumonia cause breakdown among people infected with TB germs.

Christmas seals, which are mailed to individual households, have long been identified with the fight for better health. "To many people Christmas packages and letters are not well dressed without them," continued Mr. Malone.

Returns to date show that 48% of the 1967 goal of the \$37,390.00 has been reached or a total of \$17,984.44.

Concluding Malone said, "People who use Christmas Seals have helped and are helping toward the ultimate conquest of a once dreaded and still dangerous disease."

ARTIST'S RENDITION of Chicagoland's first facility serving the blind mentally retarded. The unit will be only the fifth such facility in the nation, and is believed to be the first in the midwest.

To be built at Little City, Palatine, Ill., the \$285,000 unit will include under one roof all the facilities necessary for the training and treatment of the blind mentally handicapped, and research into the causes of the double affliction.

4-H NEWS

Three Will County 4-H'ers were among forty Illinois 4-H members taking part in National 4-H Club Congress in Chicago last week.

Congress delegates, guided by the theme "Pursuit of Excellence", represented the nation's more than 2-3/4 million 4-H Club members. In Chicago, the visiting 4-H'ers were guests of more than 50 business organizations.

Will County members selected to attend from Illinois' more than 86,000 4-H Club members were Juanita Fitzer, Joliet; William Francis, Wilmington; and Anita Jackson of Wilmington.

Miss Fitzer, daughter of Mr. and Mrs. Robert Fitzer, is the winner of an achievement award sponsored by the Chicago, Burlington and Quincy Railroad and the Illinois 4-H Foundation. She is 19. During nine years as a 4-H member, Juanita has completed projects in clothing, foods, room improvements, crafts, and photography. In 1966, she participated in the finals of the National "You Make It Yourself With Wool" contest in Las Vegas, Nevada. Juanita has participated in many 4-H activities, including serving as a camp counselor. In 1966, she attended a Citizenship Short Course at the National 4-H Center. She has held several local club offices and has been secretary and vice-president of the county federation. Juanita is a sophomore in home economics at the University of Illinois, where she is a James Scholar.

Francis, son of Mr. and Mrs. Fred Francis, is the state winner of the swine award. Bill is 18 and is an 8-year 4-H member. Bill has been enrolled in the swine project during the last five years. He developed a swine herd with 20 sows farrowing this year. Bill was a member of the state 4-H livestock judging team this year; in 1964, he gave a livestock conservation demonstration in the national contest. Other 4-H projects completed include sheep, beef, garden, home grounds, and forestry. In 1966, Bill organized a county group to attend a citizenship short course at the Na-

tional 4-H Center. He is an 8-year 4-H camper, and has been a counselor. He has also been active in demonstrations, public speaking, and share-the-fun. In addition to serving as president of the county 4-H federation, Bill served as leader for a 4-H group at the State Boys School in Wilmington. Last summer, he was elected to the 1968 Continuation Committee for the State Junior Leadership Conference. He is a freshman at the University of Illinois.

Miss Jackson, daughter of Mrs. Ruth and the late Ralph Jackson, is the state winner in the achievement awards program. Anita is a 9-year 4-H member. She made 142 garments, prepared 1,132 recipes and 177 meals, preserved 162 packages of fruits and vegetables, made 142 flower arrangements, planned a room decoration, made 86 handicraft articles, raised 10 animals, grew 39 plants and 36 annuals, and planted eight gardens. She also completed the requirements for the photography, entomology, bird study, automotive, and home grounds improvement projects. Anita served as counselor at 4-H camp and was recreation chairman for her county federation. She was involved in many activities, receiving the jacket award in electricity and earning an "A" rating in the state vegetable judging contest. She participated at the State Fair in dress revue, food demonstrations, and share-the-fun. In 1966, she was selected to demonstrate at the National Junior Horticulture Association annual meeting. A junior leader for 4 years, she received the Key Award in 1966. Anita, 18, is a freshman at the University of Illinois, majoring in foods and nutrition.

HORTICULTURE

Believe it or not, the 1968 gardening season can start this week. By taking a little time now with our garden tools you can be ready for the first unexpected warm day next spring.

First order of business should be a cleanup of all shovels, trowels, hoes and rakes. Rust can be removed with a large wire brush or steel wool. After cleaning, sharpen the tools and wipe them with an oily rag to prevent further rusting.

After the blades are in shape check over the wood handles and other parts. Rough or cracked handles can cause painful blisters. Smooth rough spots with sandpaper and treat the handles with linseed oil. Cracked handles should be carried to the woodworking shop where they can be replaced.

The most expensive garden tool is the lawn mower therefore it deserves its fair share of attention now. The motor should be completely drained of fuel and cleaned. Fuel left in the tank, gasoline, or carburetor will form gum and varnish that clog the fine delicate parts of the motor. The best way to thoroughly drain all these parts of gas is to run the engine until it stops. Follow this up by cleaning the air and fuel filter. The spark plug should also be replaced after a seasons use. Next, drain the crankcase and replace it with clean oil ready for next spring. When the oil plug from the bottom of the mower is removed tilt the motor so the oil will not run into the engine and air filter. Finally check moving parts

and belts for wear. Then replace them now while garden centers can quickly obtain the proper part. Such precautions taken now will prevent lengthy breakdowns.

The second most expensive garden tool is the fertilizer spreader. It absolutely must be thoroughly cleaned of all traces of fertilizer to prevent rusting of the shutter. Then oil the wheels and shutter mechanism itself.

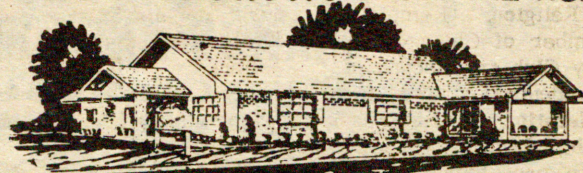

Left over fertilizer is another item for consideration now. Protect the bags from absorbing moisture which causes lumping. Do this by storing off the floor and carefully sealing any open bags.

Drain the garden hose and hang it up dry on a hose reel. As an alternate coil it in a round basket which can be set out of the way. Don't hang it on a hook or nail which will cause a sharp bend that will later develop into a crack. Replace worn or hardened washers now too. This is another one of the jobs that can be a nuisance next spring.

If you do not already have one, this winter will be a good time to build a tool rack in the garage or basement. Then you can hang your tools so that you can find them when you need them.

Green Garden

One Act Play High-Lights Yule Dinner

MRS. KATHERINE HEISNER

Telephone: 469-5187

The annual Christmas potluck dinner and party of the Green Garden Methodist Church will be held in the Church Fellowship Hall on Wednesday, Dec. 13, at 12:00 noon. On the kitchen committee are Mrs. Siegfried Beckman, Mrs. Lewis Rab, Mrs. Emil Andres and Mrs. Wilford Belsner. In the dining room are Mrs. Elmer Morrison, Mrs. Marvin Beckman and Mrs. Elmer Bettenhausen. Invitations are Mrs. Harold Ulrich and Mrs. Clarence Johnson. The program topic will be a one-act play entitled, "Drum-Hammer and Cross." Gift exchange is adults fifty cents and children twenty-five.

Mrs. William Schram will be the hostess when the Green Garden Homemakers Extension Association met in her home on Friday, Dec. 8, at 12:30 p.m. There will be a potluck dinner and a dollar gift exchange and roll call will be "The gift you always remember." Afterward, there will be recreation of various kinds held.

The Jolly Nine Club are having their Christmas dinner at Jardine's in Tinley Park, Saturday, Dec. 9, with a dollar exchange.

The Sunday School Children of the Green Garden Methodist Church are having a Christmas practice session at the church, Saturday, Dec. 9 and again on the 16 and 23 at 9:00 a.m. each time.

Mr. and Mrs. Sangmeister celebrated their 25th wedding anniversary Sunday, Nov. 26, when they, with 42 guests dined out to dinner at the Don Colonial restaurant in Manteno. Later, they returned to the Sang-

meister home where a mock wedding was acted out with the nieces and nephews participating, wearing the wedding gown and other apparel of their wedding 25 years ago. Later a lunch was served the guests.

In the St. Mary's mixed Bowling League, these were the following scores: Ryder's Sinclair Service, won 30-lost 22; Bernardin's won 27-lost 25; Cal-Park Construction, won 26-lost 26; Friant Mason Contractor, won 25-lost 27; Bilotti Shoe Store, won 24-lost 28; Mokena Pharmacy, won 24-lost 28.

Rams Best Knights In Loop Tilt 66-60

The Reavis Rams failed to follow the script as written by some of the experts and while Lincoln-Way basketball buffs are not happy the way things turned out, they admit that the visiting five rate very well as ad libers.

The Knights, according to the way it was written, were supposed to take the Rams in their encounter Nov. 29, which was the first Southwest Suburban Conference tilt for both teams. But the Rams had the sketch worded differently. The contest wound up with Reavis on top of a 66 to 60 score.

The Knights knew they had a bear by the tail at the close of the first quarter when they led by only one

point, 21 to 20. The Rams outscored them in the second period, 18 to 14 and so led at the half, 38 to 35.

The third period was disastrous for Lincoln-Way, the Knights making only nine points while their visitors tallied 16 to lead by 10, 54 to 44. The Knights outscored the Rams in the last quarter, 16 to 12, but the pardon came too late.

Jim Fredin led the Lincoln-Way scorers with 14 points; Mike McCabe had 13 and Pat McCabe 12. Davis and Kohlbacher each made eight points, Palka, 3 and Martin, 2.

The Ram's 6-foot 7-inch center, Mike Jacoby was high point man for the evening with 19 tallies.

Can Save On Taxes

Farmers and other businessmen filing income tax on a cash basis can minimize the tax by making adjustments in sales and expenditures between now and Dec. 31 says A.A. Wicklein, Will County Extension Adviser.

Will County farmers can learn about new tax changes,

adjustments in inventories, receipts and expenses at a Cooperative Extension Service meeting at 1 p.m. on Dec. 8. Prof. Al Bouslog, University of Illinois Farm Management, will discuss tax changes, investment credit, depreciation schedules and income tax reporting.

Teach Bike Riders Safety, Motor Club Urges Parents

Is Santa bringing your child a bicycle this Christmas?

If so, the Chicago Motor Club-AAA asks you to remember this:

Today's cycling youngsters in a few short years will be driving teen-agers. The time to start them toward safe driving habits is now, while they enjoy the first exhilarations of new-found freedom and mobility.

A bicycle is not a toy. It is possible your child's first active encounter with fast-moving traffic. With this in mind you may wish to ask yourself a few questions about a bike for your child.

--Is he old enough to understand his responsibility in traffic? Keep a bike in good shape? Practice a safe bicycling code?

--Will I see that he gets proper training and instruction in bicycle safety before he is permitted to ride in the street?

--Are there safe places for him to ride a bike near home?

If the honest answer to all of these questions is yes, then the motor club suggests you give some thought to selecting a proper bike for your youngster. There are two major points in making your selection -- size and safety.

Make sure the bicycle fits the child. Firmly balanced on the saddle, his instep on the lower pedal, his leg should form a straight line. If he has to bend his knee, the bike is too small for him. If he has to use tiptoes, the bike is too big.

When riding, the saddle should be parallel to the ground. Handlebar grips should be kept the same height as the saddle and at right angles to the handlebar stem. Fancy riding or circus handlebars are not for beginners.

The safety consideration in selecting a bike includes choosing one that has a good headlight and taillight or reflector and a warning horn or bell.

Brakes also are a consideration. Popular bikes have one of two braking systems -- coaster or hand-squeezed wheel gripbrakes. The coaster brakes are superior for beginners and young children because a back pedal pressure using the entire weight of the body activates them.

A check with local authorities is wise to be certain you and your child know laws affecting cyclists, according to the motor club. Some communities require licensing of bicycles, others forbid use of bikes on sidewalks. A new Illinois law, for example, gives parents the responsibility for equipping their child's bike with a front lamp for night riding, a red rear reflector or lamp and a horn, bell or sounding device.

Key safe-riding suggestions from the motor club include:

--Keep well back from moving cars -- they may stop suddenly.

--Be alert for pedestrians who might step from between parked cars.

--Watch out for doors of parked cars that might be opened suddenly.

--Avoid riding too fast down hill or on rough slippery roads.

--Show good sportsmanship to pedestrians, other bike riders and motorists.

--Signal for turns and stops.

--Keep both hands on the handlebars except when signaling for turns.

--Be seen when riding at night. Have a good headlight and taillight or reflector and wear light colored clothing.

GROUNDBREAKING CEREMONIES took place on Reformation Sunday, Oct. 29, for the new Forest View Presbyterian Church, 15740 Oak Park Ave., Palos Heights.

Pictured is the church building committee (l to r) Rev. Donald M. Parker, Audley G. Lemmenes of Oak Lawn, Robert Skoglund of Mokena and John Dees of Lansing.

The new building should be ready for public worship services early next spring.

Quality Of Egg Not Influenced By Size

It's often not true that the bigger the egg the better... if you think that size alone is the determining factor. Size has nothing to do with the quality of an egg, for size and quality are not related. Large or small eggs may be either high or low in quality.

That's why grading experts of the U.S. Department of Agriculture's Consumer and Marketing Service grade eggs for quality, and check them for size. Officially graded cartons of eggs carry the USDA shield, which indicates both grade (quality) and size.

Size is based on a minimum weight per dozen of eggs. The sizes consumers find most frequently are Extra Large (27 oz.), Large (24 oz.) and Medium (21 oz.). Sizes seem less often are Jumbo (30 oz.), Small (18 oz.) and Peewee (15 oz.).

USDA consumer grades for egg quality are U.S. Grade AA (or Fresh Fancy), A and B. The higher quality eggs, AA and A, when broken out have a round, firm yolk and a high, thick white. These eggs are good for all purposes, especially for frying or poaching where appearance is important. Quality B eggs may have a slightly flattened yolk and a small amount of thick white. These eggs are suitable for general cooking and baking purposes.

Let the USDA grade mark on cartons (or on the tape which seals the carton) help

you choose the size and quality eggs you want, it was said. Not all eggs are Federally graded because grading is a voluntary, not compulsory, program of the Consumer and Marketing Service.

Reminds Growers That Wool, Mohair Program Year Ends On Dec. 31

Growers were reminded today that the 1967 marketing year under the wool and mohair program ends Dec. 31.

Charles E. Deutschman, chairman, Will County Agricultural Stabilization and Conservation Committee, explains that this means that payments for the 1967 year will depend on completing all details of marketing either wool, mohair, or lambs, by that date. Marketings completed after Dec. 31, 1967, will become marketings in the 1968 marketing year, and thus not eligible for payments until early 1969.

The chairman urges producers to make sure that all details for the 1967 sales are completed by the end of the year. This includes passing title to the buyer, delivering the wool or mohair to the buyer either physically or through doc-

uments (such as warehouse receipts or bills of lading) transferring control to the buyer, and having available all the information needed to determine the buyer's total purchase price.

Applications for 1967 marketing year payments under the National Wool Act may be filed with the ASCS county office at any time, and the chairman advises that this be done as soon as possible. Incentive payments under the wool program are based on the average national price for marketings during the whole year, and this can be determined more exactly if reports on marketings are complete. ASCS, therefore, is urging that all 1967-year applications be filed before Jan. 31, 1968.

Payments for the 1967 marketing year will likely begin in April of next year.

ILLINOIS TAX FACTS

By Maurice W. Scott, *Executive Secretary*
Taxpayers' Federation of Illinois

The new Department of General Services is making plans to start operations the first of the coming year, the Taxpayers' Federation of Illinois said today. The director of the department, Allen V. Dowling of Glenview, was appointed by Gov. Kerner, and will commence his duties Jan. 1, 1968.

This department is the result of Senate Bill 1364 having been passed by the 75th Illinois General Assembly and approved by the governor, and it is a recommendation of the Commission on State Government and the Business Management Study Committee for Illinois, a panel of 11 business leaders appointed by the governor to study ways of making state government more efficient and economical. Now the "housekeeping" functions of State government will, in a technical sense, be under one roof.

For example, the administration of Illinois' purchasing and printing act will be taken from the finance department and placed under the new department. The Department of Finance will still have its important fiscal and budgetary duties. Control over the division of architecture and engineering will be transferred from the Department of Public Works to the new Department. Responsibility for the state's phone and communications system and supervision of the State's garage and motor pool will be "housekeeping" duties and come under the Department of General Services.

Many other related functions of the State will come under the jurisdiction of the new department next January 1. Allocation of space in state-owned buildings, establishment of office supply stockrooms, letting of contracts for repair of buildings, publication of information for the benefit of the various departments of government and of the general public, and the collection of various fees from other agencies of state government, will all center in the Department of General Services.

Senate Bill 1364 had both Republican and Democratic support at the last session of the General Assembly. The bill was sponsored by Senators Terrel Clarke, W. Russell Arrington, Alan Dixon, Daniel Dougherty, Arthur Bidwill and Richard Larson, and was strongly approved by Gov. Kerner and James A. Roman, state finance director.

The Taxpayers' Federation of Illinois is proud of the fact that its staff worked with the 11 man business committee and supported Senate Bill 1364 when it was before the legislature.

The new Director has fine qualifications, and the Federation feels that the Department will get off to a good start under his direction.

Carbon Monoxide A Sneaky Killer, Warns Motor Club

Carbon monoxide is a sneak killer that daily claims victims from the unwary, according to the Chicago Motor Club - AAA.

The gas, a chief component of exhaust gases, is colorless, odorless, tasteless and does not irritate the eyes or nose. In small amounts it can cause dizziness, nausea and slow a driver's reaction time, possibly causing an accident. In larger amounts it is fatal.

Warning symptoms of carbon monoxide poisoning are the nausea and drowsiness plus headache, faulty coordination and poor vision. When these reactions are noted, says the Chicago Motor Club, car occupants immediately should inhale deep breaths of fresh air.

Carbon monoxide is produced by imperfectly burned motor fuel. An excess may be formed by faulty engine adjustment, but even the best adjusted engine may leak enough of the gas to be fatal. Chief danger points are faulty gaskets, defective exhaust systems and clogged exhaust pipes.

To avoid being overcome by the gas and falling victim to its lethal powers, the motor club suggests these precautions:

--Never run a motor in a closed garage or other unventilated enclosure.

--Always keep a car window open a bit to assure air

circulation.

--Shut off the motor if you are sitting in a parked car for more than a few minutes.

--Check your engine for proper combustion.

Check all points of the exhaust system for leaks and stoppages.

--Remember, your exhaust pipe may become clogged by backing into a snow bank.

DOOR TO DOOR SALES

It's now legal in Illinois to change your mind and void a purchase made from a door-to-door salesman, under certain conditions.

According to the Illinois State Bar Association, you may cancel a door-to-door sale, even if you have signed a contract or made a down payment or full payment for the merchandise, provided:

1. The cash sales price of the merchandise is \$50 or more.

2. The sale is a result of or in connection with a call or contact originally made at your residence by a sales person, which was not solicited by you.

3. Notice of your intention to void the sale is given to the seller within three full business days after the sale or contract for the sale was made.

4. Any merchandise delivered to you is returned to the seller in the condition in which you received it.

The three-day period during which you may void the sale excludes any Sunday or holiday and does not start until the seller has furnished a telephone number or address at which such notification may be given.

The seller must return any payment you may have made and is prohibited under the law from using "any undue influence, coercion, intentional misrepresentation or any other wilful act..." intended to interfere with your right to avoid the sale or contract.

The ISBA said the seller may not withhold any amount of a down payment as "damages" because you changed your mind. It added the law applies to door-to-door sales for cash and to those made under a contract.

IN MEMORIAM
In loving memory of Gary Edwards
who passed away six years ago,
December 10, 1961.
You were the sunlight of our home,
Our light, our life, our all;
To know you was to love you,
But you answered Jesus' call.
Though gone you're not forgotten,
For our loss is Heaven's gain,
And there some day, we ever pray,
To join you once again.

Gourds Can Be Useful--- As Well As Ornamental

Beside the old oaken bucket -- the iron bound moss-covered bucket that hung in the well -- there was a gourd dipper from which we drank that cold sweet water. Around most old-time farm-

houses there were gourd vines climbing over an arbor, the back porch, or the smoke house, because their luxuriant growth furnished shade and their fruit had many uses. The mountain-

ers and Negroes in the South still grow "goords" for dippers, bottles, bowls, spoons, nest eggs, darning balls, salt and pepper shakers, bird houses and children's rattles. Most of the true gourds

have a hard rind or shell, and properly handled, will last indefinitely if kept dry.

The Indians hung clusters of gourds on poles around their corn patches, to serve as homes for the insect-eating martins, wrens and bluebirds. They used them for utensils and various other purposes, including rattles employed in their dances or by medicine men. Seeds and rinds, or utensils and ornaments from gourds, have been found in habitations of the mound builders and the cliff dwellers. In ancient Peru, gourds were used for many purposes, including floats on fish nets.

Gourds have an important place in the poetry and mythology of the Chinese, who use them for flutes or whistles to call pigeons, and cages for the crickets which they keep as songsters or as fighters. Gourds have been important in the religion, folklore and culture of the Japanese since long before pottery was known. In India, the clarinets used by snake charmers are made from gourds with long slender necks. The Bushel

Gourd, which attains diameters up to five feet, is used for children's bassinets and for hula drums in Hawaii. The African natives use a wide variety of gourds for bowls, pitchers and large baskets with handles, maracas, marimbas and "talking drums".

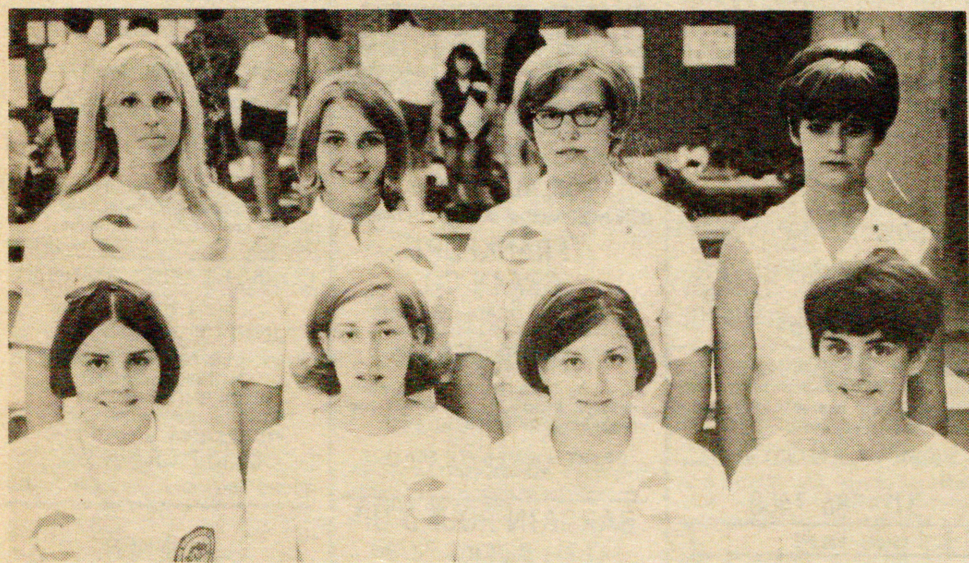

The Gourd Family has many species and innumerable varieties. Most of them are, or were, tropical and all but a few have tendrils, on the vines, by which they climb. It includes the squashes and pumpkins from America, the cucumbers from Asia, the watermelons from Africa, and the true gourds. The latter are classified into six main groups, and species from one or more groups are native in many countries.

In general, the common kinds of true gourds have long sprawling vines with leaves more deeply lobed or scalloped than the pumpkin, and white or yellow flowers which are smaller than those of the pumpkin. They need lots of sun, lots of water, good soil and warm weather to grow best. Some are

smooth and some are warty or covered with spines. Some have solid colors and some are striped or variously colored. Some, like the Turk's Turban, the Devil's Claw, the Serpent Gourds, the Hercules Club and the Trumpet or Calabash Gourd, have grotesque shapes. Most gourds are inedible because they contain a bitter substance which acts as a purgative, and some are poisonous, but the Indians cooked and ate young gourds of certain kinds; and the pioneers, who used the fibrous center of the Dishcloth Gourd as a sponge or dishrag, baked or boiled young gourds of that peculiar species and ate them.

Most Americans now grow gourds as oddities or for ornamental purposes. You can buy seeds of many kinds, including fancy ones with such names as Hedgehog, Sugar Trough, Bishop's Mitre, Job's Tears, and the Gourd of the Ten Commandments. There is a Gourd Society of America, with a magazine: Gourd Seed.

How "goordy" can you get?

L-W Gymnastic Team Rates As Excellent

"If a program is worth having, then it should be the best possible," are the words of Lincoln-Way's Superintendent A. Hunter Chapman and Lincoln-Way can be proud of one of the top gymnastic teams in Will County and the Southwest Suburban Conference.

Lincoln-Way has one of the most complete gymnastic facilities in the state and owes its progress to Head Coach Jerome Wiedman, who received his B.A. degree from the University of Iowa in Physical Education. Coach Wiedman, a varsity gymnast for Iowa from 1956 to 1958 earned his letter and competed on the United States All Star team in 1957. Coach Wiedman also competed in various A.A.U. meets and in Europe winning numerous gymnastic awards.

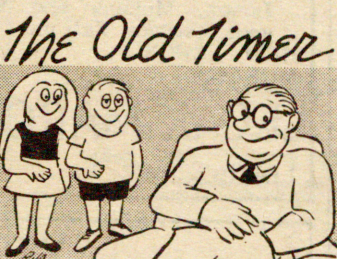

Coach Wiedman starting his sixth year at Lincoln-Way has progressively obtained respect and now contention for the conference title, finishing 3rd the last two years on the varsity, and his sophomore teams finishing 3rd and 2nd the last two years.

Coach Wiedman's assistant is Lowell White, a native of Joliet where he attended Joliet Central and received his BS degree from North

Texas State University in Business Education. Coach White is in his first year as Frosh-Soph gymnastic coach.

Also assisting Coach Wiedman is Phil Bolser, who is doing his student teaching at Lincoln-Way, a senior at Illinois State University.

Altho only two varsity lettermen are returning, Coach Wiedman's outlook is optimistic and is supported by his teams loyalty, dedication, enthusiasm, and quality of gymnasts out for this year. "We have 76 out for gymnastics this year to back up "All Conference" Terry Nelson and George Hentsch. Last year's sophomore standouts include Greg Wasistus, George Skiniotis, John Sellers, and Bill Kennedy.

"Ah, the good old days when your kids nicked and dined you to death, now you're overdrawn and quar-tered."
